Improving college-fraternity relations, chapter spirit, hospitality and alumni relations were topics discussed at the annual Gettysburg College Phi Delta Theta Greek Weekend. H. L. The Founders' Day ceremony paid tribute to the six founders and symbolized the objectives of the fraternity. Guests and alumni were introduced by Dr. Alex Rowland, chapter advisor.

ASQUITH SEES HARVEST OF BUMPER CROP

Prof. Dean Asquith, entomologist at the Pennsylvania State University laboratory at Arendtsville, is on hand for the harvest of a bumper apple crop in Argentina.

Prof. Asquith, who left late in January for a six-week survey of the apple industry in the Argentina, reports that in the first week of February apple growers in Argentina started picking King David and Jonathan. Ten days later the first Red Delicious were picked and that harvest will go on into the middle of March.

In late March and early April, they will pick Rome Beauty and Granny Smith varieties.

The PSU professor recently visited the largest apple packing house in Argentina where they pack 12,000 boxes or cajones a day under their trademark of the "Three Aces."

In a recent letter from Neugen, a town about the size of Gettysburg with only 200 telephones and no picture posts at all, Prof. Asquith writes that the Argentine picture is one of contrasts. "Some people have overcome difficulties and have built modern operations. On the other hand, one finds many old-fashioned, run-down, inefficient setups because the problems here are almost beyond counting."

Prof. Asquith is the first entomologist to participate in the reciprocal INTA-PSU cooperative agreement to share technical research in the control of fruit pests. He expects to return about March 10.

The Robinsons lit candles for night-time illumination. The mother, Beatrice Robinson, put the children — the youngest age one, the eldest seven — to sleep in one bedroom. Then she visited a neighbor.

Her husband went out to another neighbor. He was father of two of the youngsters, stepfather to the other four.

Minister, Two Daughters Buried Under Avalanche

OURAY, Colo. (AP)—An avalanche of snow, slithering downhill at racing car speed, swept over a high mountain road Sunday, burying a Congregational minister, his two daughters and their car.

Rescuers, endangered by other slides, searched the snowy mass in a canyon alongside U.S. 550 on Red Mountain Pass for the Rev. Marvin Hudson, 39, and daughters, Amelia, 17, and Pauline, 12. "I don't feel there's any chance they're alive," said Sheriff Albert Brown. "I've been in snowslides. The concussion is terrific. It could have knocked them unconscious. There's also a tremendous amount of mist. It's almost impossible to breathe in it."

SWEPT OFF ROAD

A snowplow operator, Leo H. James, said he saw the slide which down East Riverside Gulch and over the minister as he crouched by his stuck car, apparently putting on tire chains. The girls were inside the car.

"The slide came down and took the car right off the road," said James, who had stopped his machine because 50-mile an hour winds whipped up ground blizzards that hampered his vision.

"The car went around me and got stuck there and about that time the snowslide came," he said.

70-FOOT DROP

The avalanche clogged the road on the 11,018-foot pass for more than 500 feet with snow 18 feet deep. It apparently carried the victims over a 70-foot, sheer wall to a creek bed below. The snow is 30 feet or more deep in the canyon, searchers said.

Hudson was on the way from his ranch home five miles south of Ouray to Silverton to conduct Sunday services.

Mrs. Hudson and the couple's other three children remained at home when the minister started his ill-fated trip.

ASKS LENTEN OBSERVANCE TO BE WHOLESOME

"Each one of us will do well to consider consciously and conscientiously the meaning of Lent in and for his own life," Dr. George F. Harkins declared in his sermon Sunday morning at a service in Christ Chapel at Gettysburg College concluding the annual IFC Weekend. He is a Gettysburg alumnus and is assistant to the president of the Lutheran Church in America.

Dr. Harkins said: "At the very least, we ought to be crystal clear about what it is that we are involved in so that we can measure meaningfully measure its significance."

"The purpose of Lent, to state it negatively first, is not to dwell on the passion of our Saviour in preparation for Good Friday, as is often supposed and practiced; but, to say it affirmatively, to prepare for the festival of the Resurrection of our Lord."

WHOLE SOME OBSERVANCE

"The difference between the two aims is often the difference between 40 wearying days of morbid introspection and 40 days of nourishing and exemplifying Christian virtue."

"It is frequently the difference between superficial self-denial and purposeful preparation for 'earth's gladdest day.'"

"As a first step in the direction of a wholesome observance of Lent, we look today at the account of our Lord's temptation in the wilderness as recorded in the fourth chapter of the Gospel according to Saint Matthew."

We need to remember He was alone; there were no disciples.

No Asian Flu Is Found In County

While numerous Adams County residents have suffered various types of illnesses that have kept them from their jobs, Dr. W. N. Sterrett, secretary of the Adams County Medical Society, said today "there have been no proven cases of Asian flu in Adams County this year." He pointed out that this year's illnesses do not surpass previous years' records.

He said that while the infections are "influenza-related" they have been typical of old-fashioned flu, tonsillitis, bronchitis and gripple, and victims are usually improved within four or five days. He reported that county physicians have been working day and night for the last two weeks in an attempt to relieve the sufferings of patients in their communities.

Dr. Sterrett said he believes the peak of illness has passed. He said the most severe attacks have occurred in the middle and upper age groups.

Walter B. Dillon, administrator at Warner Hospital, said that the hospital has had no admissions of "flu patients," but added that previous attacks "undoubtedly weakened the conditions" of many who later required hospital treatment for other breakdowns.

MUSSELMAN'S TRUCK DRIVERS GIVEN AWARDS

A banquet for Musselman fleet truck drivers and their wives was held at the Lamp Post Tea Room Saturday evening in honor of the fleet's first place standing in the 1961-62 annual safety contest conducted by the National Safety Council, Chicago.

The Musselman fleet is comprised of these drivers who attended: Earl G. Rank, Herman N. Dehoff, Norman E. Robinson, Roger H. Wheler, Francis U. Thomas Jr., Thurman W. Wright, Kenneth E. Hartlaub, Lynn E. Peters and Lloyd E. Miller, mechanic.

John A. Lawver, traffic manager, pointed out that the Musselman trucks had operated 312,192 miles during the winning year and competed with 57 other fleets in their particular mileage category. About 2,500 truck fleets throughout the nation compete in other mileage categories under National Safety Council regulations.

Further developing the significance of the first place achievement, Lawver stated that, "contest rules are so rigid that a minor accident involving repairs of but \$50.00 with no personal injuries could disqualify an entire fleet."

GIVES WALLETS

J. A. Hauser, Musselman president, gave a congratulatory talk and awarded personalized wallets and key cases to each driver. Others in attendance were Robert W. Kluck, assistant traffic manager; Glenn M. Rider, Biglerville plant safety director, and Allen S. Stauffer, public relations director. The Musselman fleet operates to points in Pennsylvania, New York, New Jersey, Delaware, Maryland and Northern Virginia. The trucks are also used for interplant hauling.

The first of eight tractor-trailer trucks for product delivery was purchased in 1929. The fleet delivers about 10 per cent of the products produced in the company's three eastern plants. The balance of products shipped by truck are handled by 10 major outside trucking concerns.

HOFFA PROMISE
WILMINGTON, Del. (AP) — James R. Hoffa, Teamsters Union president, says there will never be a nationwide truck strike as long as he is president of the union.

Hoffa said Saturday night he expects next year to have all teamsters contracts in the nation expiring simultaneously. He said he then plans to negotiate a master contract for the nation that would establish uniform working conditions.

"DON'T HATE"

Hate is a chain reaction . . . one hateful heart breeds more . . . who is there who can truly say . . . hate has passed by their door . . . alarming is the great amount . . . of hatred loose today . . . our modern world is full of it . . . hate fosters much dismay . . . what can we do to stem the tide . . . of this relentless force . . . well I believe it must be stopped . . . at its very source . . . in other words when you fall prey . . . to the claws of hate . . . change it into sincere love . . . wipe clean the dirty slate . . . I know it's very hard to do . . . but it will pay I'm sure . . . if you hate you will perish . . . if you love you will endure.

ciples at His side . . . there was no multitude . . . because this incident occurred at the beginning of His public ministry. Since there was no person present with Him to see and hear all that transpired, the account of what occurred must have to the disciples from Jesus Himself. He was the master story-teller. We miss the whole point of the narrative if we fail to pierce through that imagery, or allow a commitment to literalism to cover over the truths He intended to teach.

"There is the temptation to concentrate on incidental; the temptation to tempt God by flashiness; and the temptation to worship the unworthy; the 'I,' the 'I' and the 'w' of the wilderness."

ANOTHER "IFW"

"Many students have been concerned this weekend with another end. After the exhilaration of these days and nights is past and even forgotten, the 'I,' the 'I' and the 'w' of the wilderness will be with us all."

"So, let me remind you, will the grace and the strength and the forgiveness of God be with you, helping you to say, 'I cannot live by bread alone, but by every word that proceedeth out of the mouth of God, I shall not tempt the Lord my God, and I shall worship the Lord my God and Him only shall I serve.'"

Chaplain John W. Vannorsdall was the liturgist for the service. David Schneider read the scripture lessons and Charles Bickle was the acolyte. An anthem "The Soul Must Bear the Cross" was sung by the Chapel Choir directed of Dexter Weikel, organist.

NEHRU WARNING

AMRITSAR, India (AP) — Prime Minister Nehru warned Sunday that if Red China rejects the neutralist proposals for a border settlement, Communist troops may resume hostilities before the July monsoons. He told a mass meeting that India faces "a powerful enemy and even to negotiate we must be strong."

SP APPROVES SPLIT SEASON DURING 1963

During the 1963 baseball season the South Penn Baseball League will operate in halves with the winners clashing in a best-of-three series for the championship.

That was decided at a meeting of league officials Sunday afternoon at the American Legion home. In recent years the league staged playoffs between the four top teams to determine the titlist.

With the exception of Taneytown, all of last year's members are prepared to enter teams again this season. The Taneytown club will hold a meeting Tuesday evening to make its decision.

BACK IN FOLD

Other members of the league include Mummaburg, Cashtown, Arendtsville, Fairfield, Gettysburg, New Oxford, Bruchtown, Harney, Littlestown, McSherrystown and Bonneauville.

George Wrightstone, secretary of the Cumberland Valley Umpires Association, attended the meeting and presented the plans for the officiating.

Robert Krichen, Bruchtown, league president, presided at the meeting.

Another meeting will be held Thursday evening, March 28, at 8 o'clock at the Legion home to lay additional plans for the season.

Bullets Come From Behind To Down Diplomats 83-71 In Overtime; Frosh Win

Putting on one of its most dazzling displays of the season, the Gettysburg College basketball team rammed through 15 counters in an overtime period to defeat the Diplomats of Franklin and Marshall 83-71 Saturday night in the physical education building before 2,400 fans, one of the largest crowds of the season.

Trailing by as much as 17 points late in the first half, a fired Bullet squad came back in the second 20 minutes with a tight defense, incorporating a full-court press most of the time and some improved shooting. Ted Koerner gave the Bullets a 64-61 lead, its first since early in the game, with 5:29 remaining. Gerry Huber and Herb Gray swished six points to recapture the top spot at 67-64 at 2:56. With 1:41 remaining, Roger Gaekler hit on a corner jump and 45 seconds later Koerner landed a pair of charity tosses.

With 39 seconds to go Bob Fortescue connected on the first of two free throws and the count was in a 68-68 deadlock. Both teams had one more shot at the basket but both failed as the buzzer sounded the end of the regulation contest.

MISS TALL MEN

Playing without the services of its two tall men, Gaekler and Doug Kepner, in the five-minute overtime period, Gettysburg put on a team show that will long be remembered. Ted Koerner hit on two foul shots and George Strouse sank a jumper from the key as the Bullets forged to a four-point lead. This was the end for Franklin and Marshall. The Dips managed to get but three counters in the extra period on Huber's foul toss and Jim Leslie's jump shot. Roger Ecker, Bob Ryan and Don Szegda also came through to add to Gettysburg's 15-point total.

The victory avenged a 49-47 setback at the hands of F. and M. earlier in the season. The Dips were extremely tough for two reasons. First, Coach Woody Spaulding bowed out as a coach to become athletic director, and secondly, the Blue and White squad, one of the best in recent years, would have liked nothing better than to notch a pair of victories in one season over the Bullets.

Gettysburg took an early lead to open the game, but the Diplomats stayed in close. The Bullets led 16-13 at the 10:36 mark, but Lee Baber, with his deadly two-hand jump shot, and Jim Leslie, on a fading jumper across the middle of the key, soon forged the Lancaster squad ahead at 19-16 and continued to increase the margin to its 17-point advantage at 32-21 with 2:37 to go.

After trailing 42-28 at intermission the stage was set for the Bullets' battle back to the top. During the first half, Franklin and Marshall landed 67 per cent of its shots while Gettysburg hit on a low 32 per cent. In the second 20 minutes, Gettysburg picked up to 42 per cent and the Dips dropped to 37 per cent, taking only 19 shots. F. and M. made good on only one of 13 shots in the extra period while Gettysburg was four for six.

Ted Koerner closed out his collegiate career with a spectacular 25-point production. The Bullet Senior netted 10 of 24 shots and five for six from the foul line. Bob Ryan, who scored three points, and Al Sanborn, were the only other Seniors on this year's Gettysburg team. George Strouse was the game's top scorer with 27 points. Roger Gaekler hit another season's high in rebounds with 19. Jim Leslie and Bob Fortescue paced the Dips with 17 and 15 points, respectively. Gerry Huber grabbed 12 rebounds for the visitors.

BEST FROSH MARK
The Gettysburg College freshmen closed out their season with a record breaking 17-2 slate as they turned back the Franklin and Marshall frosh 64-56 in the preliminary contest. This year's yearling record breaks the previous mark of 18-3 established by the 1957-58 freshman team which included Ron Warner and Bob Parker.

Coach John Carpenter's Little Bullets pulled out to a 10-point lead at intermission and managed to hold its advantage over a scrappy Dip frosh squad. "Chuck" Richardson landed 12 tallies for Gettysburg while Jack Conway and Dave Yates each netted 11. F. and M.'s Paul Kobb was the game's top producer with 17 counters.

COUSY PLAYS HIS LAST GAME
NEW YORK (AP)—Bob Cousy, a product of the backboards of New York, played his last basketball game in Madison Square Garden Sunday afternoon on a court pitched over the icy hockey rink. It took him a while to thaw out. When he did, he pitched in two one-handers in a row and then passed off for two more baskets in an eight-point third quarter spurge that iced the game for the Boston Celtics.

They wound up 102-95 winners over the New York Knicks. A crowd of 14,195—astounding for the last-place Knicks—turned out to watch Cousy's farewell performance. Because the New York Rangers had a Sunday night game, the hockey ice already was frozen and the basketball court was spread over it.

Unfortunately, it was one of those dreary late-season NBA games. The Celtics had clinched first, the Knicks last, in the Eastern Division.

WOODLING IS FIRED BY METS; FAUL KAYOED

By TED MEIER

Veteran Gene Woodling was fired by the New York Mets and Detroit rookie pitcher Bill Faul was knocked unconscious by a batted ball on Sunday, but the big news to major league baseball fans this week is the opening of the spring exhibition schedule. All 20 big league clubs will go into actual competition on Saturday for the first time since the end of the 1962 pennant races last October. In the top games the world champion New York Yankees meet the Baltimore Orioles at Fort Lauderdale, Fla. and the National League champion San Francisco Giants play the Cleveland Indians at Tucson, Ariz.

The Mets asked waivers on Woodling, a \$35,000 player-coach, for the purpose of making him a free agent because he intervened Friday on behalf of first baseman Marv Throneberry in Throneberry's contract dispute with George Weiss, Met president.

"I got in an agitation and I got fired," Woodling said.

FORD HOOKS SHARP

Faul, a 22-year-old right-hander from Pleasant Plain, Ohio, was standing in right field at the Detroit camp in Lakeland, Fla. when a line drive from the bat of Mike Christino hit him in the head. He regained consciousness before being taken to a hospital. X-rays showed no skull fracture, but trainer Jack Homel said the rookie pitcher, up from Knoxville, had suffered a concussion.

Whitely Ford, southpaw pitching star for the Yankees, was sharp in an intrasquad game Sunday. He retired nine batters in a row before yielding a hit. Don Cardwell also showed well for the Pirates, pitching two perfect innings and veteran Johnny Podres retired six in a row in a Dodger game.

Outfielder Lenny Green signed with the Minnesota Twins for a reported \$22,000 and pitcher Jim Boston came to terms with the Yankees for an estimated \$9,500.

COLLEGE MAT SQUAD 11TH IN TOURNEY

Rolling up 74 points, the West Chester State College wrestling team captured the annual Middle Atlantic Conference championship at Hofstra College over the weekend.

Gettysburg's trio of Phil Yost, Hayes Kline and Hank Phillips were unable to continue after Friday's matches since all three opponents were eliminated Saturday. Jim Stouffer was also stopped Friday after suffering a deep cut above the right eye. Gettysburg finished with the three points in collected Friday, good for a tie for 11th place out of the 20 schools participating in the event.

The individual champions included: 123 — John Van Doren, Drexel; 130-141 — Schweitzer, West Chester; 137 — Pete Parlett, West Chester; 147 — Dick Dean, Ursinus; 157 — Roger Sanders, West Chester; 167 — Bob Martins, Muhlenberg; 177 — Richie Snyder, Hofstra; heavyweight — Steve Speers, Temple.

Final team scoring: West Chester, 74; Temple, 45; Lycoming, 43; Drexel, 35; Hofstra, 33; Bucknell, 17; Elizabethtown, 7; Dickinson, 5; Lebanon Valley, 4; Ursinus, 4; Gettysburg, 3; Juniata, 3.

Above is a bit of first-half action in the Gettysburg-Franklin and Marshall basketball game here Saturday evening, won by the Bullets 83-71 in an extra period. Roger Gaekler (34) is shown leaping high with the ball just beyond his finger tips. Ted Koerner of the Bullets is crouched at the right. The dark-shirted Bob Fortescue (41) of F. and M. raises his arms in hopes of a rebound. Gettysburg finished its season with the game and ended with a fine 16-9 record. (Ziegler Studio)

PATTERSON IS CONFIDENT

MIAMI, Fla. (AP)—Floyd Patterson, who sneaked away in disguise after he was knocked out in the first round by Sonny Liston, has set up a training camp for a rematch and at his first press conference announced:

"I've picked up some confidence. I don't know what good it will do me, but I've got it." Maybe that last sentence was a slip of the tongue, because Patterson seemed in good spirits and showed some humor.

Asked whether he would admit the public to his training sessions, Patterson said:

"WAIT AND SEE"

"I'm going to wait and see if anybody wants to come out here. Charge a dollar for admission? Well, I don't know. After that last fight maybe I'll just charge 25 cents and pass out coupons."

Referring to Liston's prediction that he would again floor Patterson in the first round, the ex-champion said:

"I guess if I stay past the first round, I'll get tremendous applause."

Patterson, explaining that he felt good, said he has no plans to fight Liston any differently this time.

"I won't decide until after the fight starts," Patterson said. "He's the champion. He's out to make the fight. The weight will be on his shoulders."

All Leaders Hold Lead In Bowling

BUFFALO, N.Y. (AP)—All of the leaders in American Bowling Congress Tournament events at the start of the weekend were still on top today.

Jack Logan of Kalamazoo, Mich., needed a strike on the first ball of his final frame in the regular singles Saturday to take the lead, but left four pins and finished with a three-game total of 705 to tie Jack Bullis of Bay City, Mich., for second place. Ron Hatem held on to the lead with his 707.

Charles Bligh of Detroit moved into second place in the classic all-events Saturday with a nine-game total of 1923, two pins behind the leader, Joe Joseph of Detroit, who bowled last Monday and Tuesday.

SANTA ANITA DERBY MARRED BY BAD PILEUP

By BOB MYERS

Associated Press Sports Writer
ARCADIA, Calif. (AP)—Candy Spots remains unbeaten in five races, is still California's triple-crown hope—and he can handle himself in rough-and-tumble racing.

Those facts emerged from the near-tragic Santa Anita Derby Saturday, which Candy Spots won.

"I was lucky," said Bill Shoemaker, Candy Spots' rider. "You might say I won twice."

4 HORSES DOWN

He meant that he won the race—and he also won when he managed to steer Candy Spots through a violent trouble zone when four horses went down at the club house turn.

Candy Spots was hit so hard his rump swung sideways.

It was a lucky bump, Shoemaker said. Otherwise, Candy Spots might have stumbled and fallen over the already down Win-Em-All.

ONE HORSE KILLED

Four riders and horses crashed to the track—Ismael Valenzuela on Win-Em-All, Rudy Campos on Denodado, Eddie Burns on Royal Tower and Pete Moreno on Doolin Point.

The riders were stunned and battered. There were long moments of tension as the jockeys lay scattered on the track. None suffered serious injury, however.

But the colt Denodado, winner of the recent San Felipe Handicap for the Flying M Ranch, fractured his left hind leg. He was destroyed on the spot.

The break from the gate had been good. The 13 colts thundered past the grandstand. And then came the sudden pile-up at the turn.

CROWD SILENT

The survivors raced on. Track announcer Joe Hernandez continued his call as the horses went into the back stretch.

The crowd of 57,000 watched almost in silence.

Track attendants and horse ambulances rushed to the scene. It was many minutes before the track could be cleared, the uninjured horses led away and the jockeys hurried to a nearby hospital.

Track officials said the pile-up started when Sky Gem, who was to go on to finish second, lugged out and his stable mate, Win-Em-All, tripped over his heels.

The winning time was 1 minute, 50.1-seconds for 1 1/4 miles, which wasn't bad, considering the trouble.

Candy Spots will now point for the Kentucky Derby.

3 FUGITIVES FROM CUBA IN BIG LEAGUES

By JOE REICHLER

TUCSON, Ariz. (AP)—"My name is Enrique Gazmuri. I am 17 years old. I was born in Matanzas, Cuba. I want to be a professional baseball player and I could not do this in Cuba. They would not let me leave for the United States. One night last summer, with three other men, I took a rowboat and escaped to Florida."

"My name is Antonio Martinez. I am 21. I was born in Matanzas, Cuba. I have been a professional ball player in the United States for three years. Two years ago the Cuban government announced that Cuban players would not be permitted to play in the United States. We went to Mexico to play in the Federation Baseball League. I managed to get a visa there and came to the United States."

STAR HURLER

"My name is Pedro Ramos. I will be 28 next month. I was born in Pinar, Cuba. I have been in the major leagues since 1955. When I learned that I would not be permitted to leave my country to play here again, I decided to remain in the United States. I have been living with my family in Florida for the past two years."

Gazmuri, Martinez and Ramos are members of the Cleveland Indians. Ramos, of course, has long been established as one of the American League's outstanding pitchers. The veteran right-hander, acquired in a trade with Minnesota last April, posted a 10-12 record with the Indians last season.

LOST FACTORY

Ramos, whose cigar factory was confiscated when he failed to return to his native country, also has parents in Cuba. The veteran right-hander received the surprise of his life last December when he returned to his Miami apartment and there found his sister, brother-in-law and nephew. Pete had no inkling that they would be among those aboard the refugee boat from Havana.

"That was the first time in my life that I cried, I think," said Ramos. "I was so happy. My sister had to give up her home, car and all her belongings to come here, but it was worth it."

"Now if we could only get my mother here I'll be the happiest man in the world."

GARDNER WILL CONDUCT JUNE MAT CLINIC

Gettysburg College will conduct its second annual wrestling clinic June 24-28 in the physical education building, it was announced by Henry T. Bream, athletic director.

Frank "Sprig" Gardner will head the clinic. Gardner, who came to Gettysburg this season with an amazing high school coaching record of 254-5, guided the Bullets to their first winning season since 1959 when they won six and dropped four.

Special sessions will be held for coaches covering technical preparation, conditioning, individual and team preparation. There will be two instruction periods daily, morning and afternoon.

The school is open to all junior high, high school and collegiate wrestlers and coaches. Applications will be accepted on a first come, first serve basis. Applications should be mailed to the athletic department as soon as possible. The cut off date will be June 15.

NEGRO WINS GOLF TOURNEY

SAN JUAN, Puerto Rico (AP)—It was a long time coming, but cigar-smoking, 39-year-old Charlie Sifford finally has that first big tourney victory.

"I honestly feel this is the turning point of my career," the Negro golf pro from Los Angeles said after taking a six-stroke victory in the Puerto Rico Open Sunday.

It was the first time he has ever won a PGA-sanctioned, 72-hole tourney, though he has been high among the money winners many times. His only previous victory in a PGA event was in the 54-hole Long Beach Open in 1957.

Sifford, leading by only one stroke going into the final round, shot a 27, good for \$1,200. George Knudson of Toronto, tied with Manuel de la Torre of Milwaukee going into the last round, slipped to a 73 and second place at 283.

De la Torre blew to a 75 and third at 285.

ADVERTISE IN THE TIMES

Big John O'Reilly, 6-4, 205-pound Senior, wound up his collegiate basketball career by leading the Mt. St. Mary's College basketball team to a thrilling 77-75 victory over Randolph-Macon Saturday night at Catholic University, Washington, D.C., to give the Mountaineers their third straight Mason-Dixon Conference title.

The title was the eighth for Mt. St. Mary's in the conference, most won by a school.

The Mount, who won the NCAA small college crown last year, will now meet Bloomsburg State College, and at-large selection for the tournament, at Albright College, Reading, Friday evening at 7:30 o'clock. In the second game Friday Hofstra tangles with Philadelphia Textile. Winners of Friday's game will clash Saturday night.

O'Reilly becomes ineligible for the NCAA playoffs due to his previous play at LaSalle College before transferring to Mt. St. Mary's. He has used up his eligibility in total semesters.

O'REILLY TAKES CHARGE

It was O'Reilly who took the honors Saturday with his play-directing and rebounding, coupled with 18 points, many of which came at crucial points.

Randolph-Macon appeared headed for the title midway in the first half when it built up an 11-point advantage but Jim Phelan's outfit started to click and gradually whittled the lead. With but 10 seconds left in the half O'Reilly scored on a lay-up to give the Mountaineers a 35-34 edge at half time.

During the early portion of the second half the lead changed hands eight times and was tied four times. Then Ed Folk, a 6-5 Sophomore, connected on a lay-up as Mt. St. Mary's went ahead 49-47 and led the rest of the way. The Mount added five more points on a spree for a 54-47 lead with 12:05 remaining. Frank Kaminski and Bill Chambers then led the Yellow Jackets back to within 74-73 with 1:16 remaining.

Kaminski, who was the game's top scorer with 32 points, then drew his fifth personal foul and O'Reilly sank both free tosses with a minute left.

Dave Maloney and Folk each tabbed 26 points for the Mount, the former's patented outside shooting doing much to loosen the Jackets' defense. Folk also captured the rebounding honors with 19 grabs. O'Reilly had only nine rebounds but all came in key spots.

The Mounted netted 30 of 70 shots from the floor as compared to 27 of 71 by the Jackets. Mt. St. Mary's led in rebounding 46-36. Kaminski snatched 13 for the losers.

THREE MOUNTS NA'ED

Mt. St. Mary's took three places on the all-tournament selections made after the game. O'Reilly, Folk and Maloney received the honors. Completing the team were Kaminski, and Gene Horan of Catholic University.

SAYS CAPITAL MARKET IN U.S. IS VERY GOOD

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The capital market—both the amount of money available and the amount borrowed—has hit a high. At least that essential for economic growth is on tap as needed.

And there are signs that several sectors of the economy will be increasing their visits to the capital market. Various levels of government will be spending more, and borrowing to do it. Some industries are stepping up their plans for investment over the next few years. Consumer intention polls indicate Americans plan to buy more big ticket items on time.

The sum of money raised for investment and credit needs in 1962 by personal and corporate savings, by the banking system and other thrift institutions, and by the federal, state and local governments reached a peacetime record of \$63.1 billion. This was \$14 billion more than in 1961. The Life Insurance Association of America says the previous high since World War II was \$57 billion in 1959.

BORROWINGS RISE

Borrowings for mortgages, other consumer debt, for business needs and government use rose to \$62.9 billion, a gain of \$14.3 billion over 1961.

Many corporations have announced plans for more expansion this year. For example, the metalworking industry, in the final three months of 1962, hiked its appropriations for new plants and equipment 70 per cent over the funds set aside in the previous quarter. The total of \$1.4 billion is the largest since the first quarter of 1957. Iron wage magazine says most of this sum will be spent in 1963.

The metalworking industry includes primary metals, fabricated metal products, both electrical and nonelectrical machinery, transportation equipment, including autos, and instruments.

SET NEW RECORDS

The Federal Reserve Bank of New York reports today that the largest net increase in credit in 1962 was in the mortgage field. It says much was due to increase in new construction. But lending was stimulated "apparently also by an increase in borrowing against existing buildings."

Cost Of Medical Care Is Obstacle

HARRISBURG (AP)—Cost appears to be the major obstacle to further liberalize medical care for the aged eligibility requirements beyond the recommendations already proposed by Gov. Scranton.

Administration and Republican legislative leaders currently are reviewing the feasibility of further liberalization with a careful eye on the dollars involved.

Cost estimates range between \$1.1 million and \$8.5 million. This would be in addition to the \$1.6 million cost attached to the Scranton recommendations.

A. James Reichley, Scranton's legislative secretary, said a recommendation would be made after the review is completed.

The insurance group's breakdown of use of funds in the capital market says that a record \$24.4 billion went into mortgages, largely on one to four family nonfarm housing. Some \$5.5 billion went into consumer credit.

Business raised \$15 billion by corporate bond and stock issues and business credit. The Federal Reserve Board says outstanding business loans by banks rose by more than \$4 billion, or 9 per cent—twice the rate of the previous year, with demand strongest in the second half of 1962.

FROM INDIVIDUALS

Where did all the funds for investment and credit come from? Individuals put up most of it through their savings. Thrift institutions added \$22.9 billion to the capital market. This included growing sums in life insurance, savings and loan associations, mutual savings banks and corporate pension funds. The gain over 1961 was \$3 billion.

The commercial banking system added \$20.7 billion, also up \$3 billion. This reflected both the Federal Reserve policy of credit ease, giving the banks more funds to lend, and a spurt in time and savings deposits after interest rates were raised.

The three levels of government offered \$5 billion for credit needs from federal, state and local government investment funds.

Corporations, fire and casualty companies and foreign investors contributed \$14.5 billion to the U.S. capital market, against \$8.8 billion the previous year.

Economic growth depends on many factors. But a major force is the health of the capital market. It seems to be very good.

GOP ASSESSES ITS STRENGTH AND WEAKNESS

WASHINGTON (AP)—Republicans measuring 1964 chances find their strength gaining in the South and West and their weakness showing in the big cities where they say they lost the presidency in 1960.

That was the gist of a statistical report released over the weekend by Republican National Chairman William E. Miller. He said it provided "satisfaction with the results of last fall's election and optimism as Republicans prepare for the campaign of 1964."

Any such optimism was tempered, however, with the report's admissions (1) that the big cities are still solidly Democratic, (2) that New England, once a Republican stronghold, "needs extra effort," (3) that older voters aren't responding to GOP appeals and (4) that party candidates made no significant 1962 gains in depressed areas.

CONVENTION BIDS

Three of the big cities—Detroit, Chicago and Philadelphia—bid today at a meeting of the National Committee's site subcommittee for the 1964 presidential nominating convention.

Govs. George Romney of Michigan and William W. Scranton of Pennsylvania, who have been mentioned as possible candidates for the nomination, planned to head their delegations. Democratic Mayor Richard J. Daley led the Chicago group.

The subcommittee will hear proposals Tuesday from Dallas, San Francisco and Miami Beach.

The national committee's analysis of 1962 election results noted Republican gains among the farmers, increases in the GOP vote in the suburbs and the addition of 1.5 million party votes in the South.

Four Are Killed In Head Crash

BUFFALO, N.Y. (AP)—A head-on automobile collision here Saturday night took the lives of four persons. A fifth was injured.

Dead were Mrs. Rose Lewis, 32, of Cleveland, Ohio; Mrs. Hilda Gelfand, 63, of Warrensville Heights, Ohio; Frank Schmelzinger, 53, of Williamsport, and Mrs. Evelyn Liss, 30, also of Williamsport.

Mrs. Lewis' husband, Arthur, 33, was in fair condition at Kenmore Mercy Hospital.

TO ENLARGE PLANT

LATROBE, Pa. (AP)—Plans for a plant and equipment expansion program involving \$13 million in capital expenditures by the end of 1967 was revealed Sunday by the Latrobe Steel Co.

President J. E. Workman said the expansion program will be the largest in the 50-year-history of the firm.

Nikita Plugs Speech In Daily Mail Ad

LONDON (AP)—Soviet Premier Khrushchev isn't running for anything in Britain, so far as anyone knows, but he took a two-page ad in the Daily Mail Saturday to plug his Feb. 27 electioneering speech in Moscow.

Khrushchev complained last year his speeches did not get proper attention in the Western press. Since then local Soviet embassies have been inserting them in such papers as the Paris edition of the New York Herald-Tribune and the London Daily Express.

HEAVY STORM, GUSTY WINDS STRIKE PLAINS

By THE ASSOCIATED PRESS

A heavy snowstorm, packed with gusty northerly winds, swept across the southern Rockies into the central Plains today and headed into wide areas of the Midwest.

The early March storm dumped heavy snow in Colorado, Wyoming and parts of Nebraska, with amounts up to a foot in some sections. The snow spread into central Arizona and New Mexico northward through southern Utah.

Winds of 30 to 45 m.p.h. whipped the snow from northeastern Colorado northeastward across northern and central Nebraska and into southeast South Dakota and extreme northwest Iowa. There was much drifting and the blowing snow created hazardous driving conditions. No severe cold was reported.

SNOW ELSEWHERE

Lighter amounts of snow were reported in Minnesota and Wisconsin. Heavy snow warnings were issued for areas from central and extreme northeast Nebraska, extreme northern Iowa northward into eastern South Dakota and southern Minnesota.

Thunderstorms broke out in the mid air in southern and central Illinois while rain fell in northern areas and in parts of Iowa, north central Kansas and eastern Missouri.

Fog and drizzle shrouded areas in southeast Texas eastward into coastal sections of Louisiana.

Coldest weather was along northern areas in the Midwest and in northern New England. One of the lowest readings was four below zero in Grand Forks, N.D. It was near zero in Holton, Maine.

REVEAL MORE FIRING AT HARRISBURG

HARRISBURG (AP)—Four Democrats, including one deputy secretary, were fired from their commerce Department jobs Friday by the Republican Scranton administration.

Dismissed when they refused to resign were:

Harold A. Swenson, Stroudsburg, deputy secretary in charge of tourist promotion, with an annual salary of \$14,657.

Thomas Shriver, Harrisburg, public relations director at \$10,432 a year.

George A. Gantos, Columbia, Lancaster county, chief of field services \$9,454 annual salary.

Willis S. Gordon, Patton, Cambria County, publications chief in the bureau of industrial development, at an annual salary of \$7,772.

Earlier last week, George C. Winterling, Lancaster, resigned his \$12,675-a-year job as director of the department's Bureau of Business Services.

Swenson and Shriver were dismissed, effective March 6, Gantos and Gordon March 20.

In an associated development, William J. Dougherty, 72, Wilkes-Barre, resigned from his \$11,501-a-year post as director of the Highways Department's Bureau of Public Information.

His resignation was requested by the administration. He had held the job since 1955.

JUNE ELECTION WILL BE HELD

LIMA, Peru (AP)—Gen. Nicolas Lindley Lopez, new chief of Peru's military junta, says the bloodless ouster of Gen. Ricardo Perez Godoy will not affect holding of democratic elections scheduled for June 9.

The civilian winner elected then is to replace the military bosses. Lindley, a one-time commando instructor in the U.S. Army, joined two other members of the four-man junta to force out Perez Godoy over the weekend.

The six million people of this nation on South America's Pacific coast took the change in the junta calmly. Lindley said it was a matter only of personalities within the junta.

Lindley, a quiet, forceful man of 54, charged that his predecessor tried to make himself a dictator.

"We did not overthrow the government last July to enthronize Perez Godoy as dictator," he declared.

The new leader is considered a strong anti-Communist and a good friend of the United States. He studied at the Command and General Staff School in Ft. Leavenworth, Kan., in 1946-47 and was a commando instructor there. Twice since he has visited U.S. military installations.

Will Seek Large High School ROTC

WASHINGTON (AP)—The Pentagon wants to drop the high school ROTC program, but Rep. F. Edward Hebert, a member of the House Armed Services Committee, has other ideas.

The Louisiana Democrat intends to propose today a bill that would call for a seven-fold increase in the \$6-million program. Hebert says he has a pledge of full support from committee chairman Carl Vinson, D-Ga.

Secretary of Defense Robert S. McNamara has expressed "serious doubts whether most of this program is worth the cost."

2 Americans Join China Peace March

NEW DELHI (AP)—A group of 14 peace marchers, including two Americans, headed for Peking Saturday carry Mohandas K. Gandhi's message of benevolence to Red China.

Chinese Communist authorities said they would be received courteously.

The Americans were Albert Bigelow, 56, Connecticut architect and leading fighter against nuclear tests, and Edward Lazar, 28, of New York City, who has waged a similar campaign.

SURREALISTIC OPERA MAKES BOW ON NBC

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Gian Carlo Menotti has got to be kidding. He has taken a typical too much before bedtime nightmare, added a musical score and lyrics and called it "Labyrinth." The result, "Labyrinth," had its first performance Sunday afternoon on NBC.

The short opera, NEC proclaimed widely in advance, was "surrealistic," and it did indeed capture that dream quality of Salvador Dali's paintings. It also had something of Dali's roguishness, so maybe it was all a joke.

Menotti appeared to prepare us for the "pure fantasy." He explained the symbolism: the old man was the past, the astronaut was the future, the hotel was life, the desk clerk was death and so on.

KIND OF NIGHTMARE

It was not enough. They showed opened on a long, long hotel corridor with a bride and groom, in full regalia, as the groom hunted frantically for the key to their room.

The whole hour was devoted to that hunt.

He did find the key at the end, although I suspect he was dead because the desk clerk had him nailed in a casket.

It was well-produced, the singing was good, the music was often pleasing. But personally, if I must go through a nightmare, I'd rather have the fun of eating the cheese, too.

SOME NBC DECISIONS

NBC now has decided to let Joey Bishop continue his half-hour situation comedy next season. Earlier it had announced he would move to a weekly hour-long variety show.

Jack Paar, originally scheduled to move to Thursday nights next September, will stay where he is on Fridays. Perry Como's sponsor will move to Thursday nights, where Como will do 10 or 11 shows and the rest of the time will be filled with a dramatic anthology.

Recommended tonight: "The Lucy Show," CBS, 8:30-9 (EST)—11-year-old Lucie Arnaz will make her acting debut on Mother's program—but playing a friend of Lucy's television daughter.

Buffalo, N.Y. (AP) — Populous Erie County, still without a confirmed case of Asian flu, reports 20,000 school children ill with flu-like ailments.

20,000 ARE ILL WITH FLU

However, new cases of Asian flu were confirmed elsewhere Upstate.

Rochester and Syracuse have reported six cases each. Albany listed two new cases Friday, bringing its total to three.

In Rochester, the Monroe County Health Department said absenteeism in schools and factories remained fairly stable despite the outbreak of Asian flu and related illnesses.

The Erie County Virology Laboratory in Buffalo said it had not yet isolated a flu virus from the samples it had tested, and it had not found antibodies against a specific type of flu virus.

But the county reported 20,000 of its 200,000 public-school pupils absent Friday for the fourth consecutive day with flu-like illnesses.

In Buffalo, an average of 225 teachers have been absent the four days, compared with normal absenteeism of about 70 daily. Columbus Hospital said some nurses had been working double shifts because of illness among other nurses.

Church Treasurer To Get Hearing

PITTSBURGH (AP)—A hearing was scheduled Monday night for a church treasurer accused of embezzling more than \$10,000 from the church.

Harold Clemm, in his late 50s, of Snowden Twp. was arrested Saturday and held in Allegheny County jail in lieu of \$5,000 bond.

Officials of Grace Lutheran Church in nearby Broughton said Clemm took between \$10,000 and \$15,000. A bookkeeper, Clemm was treasurer of the church for five years.

STATE NAMES 3 DEAD MINES FOR CLEAN-UP

By FRED WALTERS

HARRISBURG (AP)—Two strip mine operations in Butler County and one in Armstrong County have been selected for the start of a state's emergency reclamation program, Mines Secretary H. Beecher Charnbury said Saturday.

This was the start of the "blitz" reclamation work Charnbury mentioned at public meetings last week during Gov. Scranton's inspection tour of soft coal strip mines.

Charnbury told the Associated Press these initial sites have been selected, on the recommendation of leaders in sportsmen's organizations:

—Washington Twp., Butler County, north of Whiskerville and west of Twp. Road 504, just south of state game land No. 95.

—Allegheny Twp., Butler County, near Sandy Point and close to the Butler-Venango County line, on the headwaters of the Little Scrub creek.

—East Franklin Twp., Armstrong County, off Route 268 southeast of Cowan, on Glade Run.

Chief Mining Engineer Ralph A. Lambert, who visited the sites

this week, estimated the reclamation work would cost between \$10,000-\$15,000.

Charnbury said the state would plan to do as much backfilling as necessary to eliminate pollution of streams by these operations.

MUST GET CLEARANCE

They now are inoperative, he said, and the state must obtain clearance from the present land owners to go in and do the work.

Lambert said ownership has been established in only one case, the Allegheny Twp. property, owned by Tasa Coal Co.

The two Butler County projects were proposed by William Guckert, executive secretary of the Allegheny County Sportsmen's League. A Pittsburgh resident, Guckert also owns property in the county.

Carl White of Armstrong County, president of the Pennsylvania Federation of Sportsmen's Clubs, suggested the project in that county.

Charnbury was told the three pits were polluting streams with acid mine drainage.

"We have reached a point now that as soon as the snow clears away the three areas will be surveyed by William R. Kelly, one of our regional field engineers (Ebensburg, Cambria County office) and requests made for bids to do the backfilling, Charnbury said.

Charnbury said there was approximately \$240,000 to spend on the program.

It includes \$132,582 in bonds for-

GROUP STUDIES PLANS TO FORM BUS SERVICE

PHILADELPHIA (AP)—Solicitors for the city and three of its four suburban counties in Pennsylvania have been instructed to explore legal problems of setting up a regional agency to operate mass transportation.

Orders for the study followed an hour-long meeting Friday of officials from Philadelphia and Chester, Bucks and Montgomery Counties.

Delaware County, which had been invited, sent no representative. There was no immediate explanation.

Joining solicitors in their study will be the Pennsylvania Economic League. It will pay special attention to problems of financing.

Officials said they were hopeful a program could be worked out in time for presentation to the current session of the state legislature.

Elkins Wetherill, chairman of the Montgomery County commissioners and the one who called the meeting, said Delaware County would be invited to assign a solicitor to work with the others.

He said he was hopeful Delaware County would participate, a sentiment echoed by Philadelphia Mayor James H. J. Tate.

"We don't want to be facing this same situation two years from now," said Tate. He was referring to a suburban transit strike, now in its fourth week and a recent 19-day strike in the city.

Five Marines Killed In Helicopter Crash

MANILA (AP)—Five U.S. Marines were killed Saturday in a helicopter crash near the Subic Bay Naval Base, the U.S. Navy reported. Two other Marines were seriously burned and one is missing.

Feited by strippers in 15 bituminous counties and the balance from an appropriation.

Charnbury said he has asked White to obtain from the county presidents of the sportsmen's federation requests for work in other soft coal strip mine areas.

County Votes Asked On State Blue Laws

PHILADELPHIA (AP)—The February grand jury has proposed referendum votes to allow each county in the state to vote on Sunday Blue laws, liquor laws and the adoption of legalized gambling.

In a report issued Friday, the grand jury also proposed a city department of crime prevention responsible to the mayor.

The report said some existing laws establish breeding places for organized crime and generate a feeling of contempt for all laws of the state.

HOLD DAD IN CHILD'S DEATH

BUFFALO, N.Y. (AP)—Joseph E. Schwartzfigure, a 300-pound unemployed warehouse worker, has been convicted of the malnutrition death of his 5-year-old daughter.

An all-male Erie County Court jury climaxed a three-week trial Friday night by convicting Schwartzfigure of second-degree manslaughter. His wife, indicted as a co-defendant, has been committed to Matteawan State Hospital.

The daughter, Deborah, weighed 21 pounds when she died last July 7. Doctors said the child suffered wrist wounds from being bound by cloth belts.

The couple's six other children were placed under care of the local children's aid society. One child testified the mother tied Deborah's hands before she was allowed to sleep on a bedspring on the floor.

The family was drawing welfare.

Schwartzfigure, 38, said his wife threatened to harm herself and the children if he took Deborah to a doctor.

The helicopter, an H34C transport type, crashed in the Zambales Mountains of western Luzon Island about seven miles from the naval base. A spokesman said it was flying on a routine local operation at the time of the crash and apparently burned.

The spokesman said cause of the crash was not known.

JFK CORRECTS AGENCY SEAL 57 YEARS LATE

By FRANK CORMIER

WASHINGTON (AP)—For the past 57 years, the Civil Service Commission has been using an agency seal that ignored both the laws of heraldry and the law of the land.

Rather belatedly this embarrassing situation was set right Friday through the concerted action of President Kennedy, the Army's Institute of Heraldry and the Commission of Fine Arts.

When Congress created the Civil Service Commission in 1883, it forgot to insert in the legislation a routine paragraph authorizing the new agency to establish a seal of its own. The commission didn't detect the oversight for many years, and it wasn't until 1906 that the agency adopted a seal.

ACTION ILLEGAL

The 1906 action, it now develops, was wholly illegal because the commission could cite neither a law nor a presidential order authorizing the seal.

When the present commission chairman, John W. Macy Jr., was informed that there was no legal basis for the seal and that it did not conform to the laws of heraldry, he sought White House assistance.

Kennedy came to the rescue Friday by signing an executive order establishing a new and legal commission seal. The new seal was designed by the Institute of Heraldry and approved by the fine arts group.

World Briefs

RABAT, Morocco (AP)—Six crew members of a Moroccan fishing boat drowned Friday when their craft sank in stormy waters off the port of Mehedya. One crewman made it to shore.

HAVANA (AP)—The newspaper El Mundo claimed today a U.S. Central Intelligence Agency agent was arrested Thursday, seconds before entering an unnamed embassy with incriminating documents.

In a brief account the newspaper identified the man as Manuel del Valle Caral and called him an "agent of the CIA."

The paper said he was a radio operator with the spy network the government announced it uncovered in Oriente Province last month.
